The Effect of Costs on the return of your investment

£5,000 investment - Assumed net growth rate of 5% p.a.	1Yr	5Yr
Net Amount Invested (after entry costs)	£5,000	£5,000
What you might get back if there were no charges at all	£5,320	£6,817
What you might get back after charges	£5,250	£6,381

In the first year, without fees the performance you could have achieved would be 6.4%, after fees the performance achieved is 5% This equates to a reduction in profit of £70

The total charges deducted for each fund will have an impact on the investment return you might get. Whilst performance can't be guaranteed, we can give you examples of how the charges will affect what you might get back.
