JPM Emerging Markets Sustainable Equity A (acc) - EUR

a Share Class of JPMorgan Funds – Emerging Markets Sustainable Equity Fund. The management company is JPMorgan Asset Management (Europe) S.à r.l.

Objectives, Process and Policies

INVESTMENT OBJECTIVE

To provide long-term capital growth by investing primarily in emerging market companies with positive E/S characteristics or companies that demonstrate improving E/S characteristics. Companies with positive E/S characteristics are those that the Investment Manager believes to have effective governance and superior management of environmental and/or social issues (sustainable characteristics).

INVESTMENT PROCESS

Investment approach

- Uses a fundamental, bottom-up stock selection process.
- Uses a high conviction approach to finding the best investment ideas.
- Seeks to identify high quality companies with superior and sustainable growth potential.
- Integrates ESG aspects to identify companies with strong or improving sustainability characteristics.

Share Class Benchmark MSCI Emerging Markets Index (Total Return Net)

Benchmark uses and resemblance

- Performance comparison.

The Sub-Fund is actively managed. Though the majority of its holdings (excluding derivatives) are likely to be components of the benchmark, the Investment Manager has broad discretion to deviate from its securities, weightings and risk characteristics.

The degree to which the Sub-Fund may resemble the composition and risk characteristics of the benchmark will vary over time and its performance may be meaningfully different.

POLICIES

Main investment exposure At least 67% of assets invested in equities of companies with positive E/S characteristics or companies that demonstrate improving E/S characteristics and that are domiciled, or carrying out the main part of their economic activity, in an emerging market country. The remainder of assets may be invested in equities of companies considered less sustainable than those described above.

Companies with positive E/S characteristics and companies that demonstrate improving E/S characteristics are selected through the use of proprietary research and third party data. Fundamental analysis is used to better understand sustainability risks and opportunities that may impact a company. This analysis is also an important driver behind active company engagement when seeking to positively influence business practices to improve sustainability.

The Sub-Fund invests at least 40% of assets excluding Ancillary Liquid Assets, Deposits with Credit Institutions, money market instruments, money market funds and derivatives for EPM, in Sustainable Investments, as defined under SFDR, contributing to environmental or social objectives.

The Sub-Fund may invest in smaller companies.

The Sub-Fund may invest up to 20% in China A-Shares through the China-Hong Kong Stock Connect Programmes.

The Sub-Fund may invest in securities that rely on VIE structures to gain indirect exposure to underlying Chinese companies.

The Sub-Fund systematically includes ESG criteria in investment analysis and investment decisions on at least 90% of securities purchased (excluding cash). The Sub-Fund excludes the bottom 20% of securities from its investable universe based on its ESG criteria.

Other investment exposures Up to 20% of net assets in Ancillary Liquid Assets and up to 20% of assets in Deposits with Credit Institutions, money market instruments and money market funds for managing cash subscriptions and redemptions as well as current and exceptional payments. Up to 100% of net assets in Ancillary Liquid Assets for defensive purposes on a temporary basis, if justified by exceptionally unfavourable market conditions.
