LUX IM - ESG SYCOMORE EUROPEAN EQUITIES, a compartment of LUX IM

Class: DI, Share: X (Accumulation) ISIN: LU1130038802

This SICAV is managed by BG FUND MANAGEMENT LUXEMBOURG S.A.

Objectives and investment policy

The Fund promotes, among other characteristics, environmental and social characteristics, provided that the target investments' issuers follow good governance practices, and qualifies under Article 8(1) of Regulation (EU) 2019/2088 on sustainability-related disclosure requirements in the financial services sector.
The Fund seeks to provide capital appreciation by investing in equities issued by European companies that comply with Environmental, Social and Governance ("ESG") criteria. The Fund is managed actively and it has no reference benchmark.
The investments are selected taking into account credit analysis, financial analysis and Environmental, Social and Governance ("ESG") criteria in accordance with the ESG policy available at https://en.sycomore-am.com/Our-responsible-approach.
Consequently, an analysis based on an internal ESG rating ranging from 1 to 5 (5 being the highest rate), the SPICE rating, based on the proprietary SPICE methodology (Suppliers & Society, People, Investors, Clients, Environment), is carried out. The investment process excludes the companies involved in severe ESG controversies and/or in specific activities and/or having a SPICE rating below or equal to 3 out of 5; and selects the ones with strong business models. Screened companies are also required to meet minimum rating criteria within the Investor pillar, having a rating of the business model sub-segment above or equal to 3 out of 5.

The Fund invests directly and/or indirectly at least 75% of its net assets in equities issued by companies listed on stock exchanges of any European country. The direct and/or indirect exposure to equities issued by non-European companies may not exceed 25% of Fund's net assets. The Fund may invest in target funds including exchange traded funds (ETFs) up to 30% of its net assets. The Fund may use financial derivatives to protect its portfolio against unfavourable market fluctuations or currency fluctuations. The Fund may also use financial derivatives to reduce other risks or to produce more revenues.
The Fund is open-ended. You may redeem shares of the Fund on any Luxembourg business day.
The Fund has not designated a reference benchmark for the purpose of the Regulation (EU) 2019/2088.
The Share Class makes no dividend payment.

This indicator represents the annual historical volatility of the Fund over a 5-year period. Its aim is to help investors understand the uncertainties attached to gains and losses that may have an impact on their investment.

The Fund's exposure to equity markets explains its classification in this category.

Historical data such as that used to calculate the synthetic indicator cannot be considered as a reliable indication of the Fund's future risk profile.
The risk category associated with the Fund is not guaranteed and may change over time.
The lowest risk category does not mean "risk free".

Your initial investment is not guaranteed.

Significant risk(s) for the Fund not taken into account in this indicator include the following:

Liquidity Risk: The Fund is invested in markets that may be affected by a decrease of liquidity. Such market conditions would impact the prices at which the Fund Manager opens and closes positions.

Counterparty Risk: The Fund may realise losses should a counterparty fail to meet its contractual obligation, especially in the case of derivatives traded Over-The-Counter (OTC).

Concentration Risk: To the extent that the Fund's investments are concentrated in a particular company, the Fund may be susceptible to losses due to adverse occurrences affecting that company.

Sustainability Risks: Sustainability risks can arise from impacts of environmental and social factors on assets as well as from the corporate governance of the issuer of assets held by the Fund.

ESG Investment Risk: The integration of ESG criteria within the investment process may affect the Fund's performance and thus the Fund may perform differently compared to similar Funds without such focus.

For more information about the risks of the Fund, please refer to the risk section of the prospectus.

Charges

The charges and commissions are used to cover the Fund's operating costs, including marketing and distribution of shares. These charges reduce the potential growth of your investment.
